Support SB45& HB 399!

Missouri law requires insurance to cover therapy for children with autism. Children with other disabilities do not get this coverage. Support this legislation so all children with developmental disabilities can get insurance coverage for their medically necessary therapies!

Izabella is 9-yrs-old and lives in Springfield, MO. She has spina bifida and hydrocephalus. Thanks to physical therapy, Izabella has increased her mobility and core strength. These therapies have encouraged muscle and bone stimulation, which have allowed her growth to stay regular.

In addition to the physical benefits, the therapies have given Izabella confidence and independence. She now advocates for herself when dealing with doctors.
